EPA will be issuing a proposed plan for OU4. IDNR will be providing comments on the proposed plan, as well as the ROD Amendment for OU4. There is also a 5YR due in 2018. I assume IDNR will be providing comments on that document as well.

Can you please provide me a brief summary of the activities currently going on at the Des Moines TCE Site so that can be included in IDNR's WP. Thanks so much.

No comments on Fairfield Coal Gasification Plant.

It looks like Des Moines TCE may be a little outdated as there are more activities currently ongoing than mentioned in the write-up.

Group,

Please review the attached list of SACA sites and provide comments/approvals to Whitney by Friday.

Thanks,

Can you please forward the attached list of SACA sites to your RPMs for review/approval of the activities for the next FY included for their sites in Iowa. If they could provide me any comments and/or their approval by this Friday(5/26) I would really appreciate it! Let me know if there are any questions or concerns.

Thanks so much!
